October Rally Recap

The newsletter editor was not in attendance at the October rally. I do apologize for the small recap. There was no photos posted on the Challenger's Facebook page.

A small turnout was in attendance but a great time was had by all.

A big thanks to the Poole's and Kucharczyk's for being our host. I did hear the food was great and everyone was amazed at how the food was cooked without a kitchen. Just goes to show you don't need a kitchen to have a meal.

I heard Marion Poole served Baileys Irish Creme drinks, sounds jut yummy.

Honoring Our Veterans, November 11

To honor our veterans, Lori is asking for pictures from members (in uniform) who has served or if you had a family member. Lori is putting together a project and would appreciate your help in honoring our veterans.

Chaplain's Message

By Dick and Linda Schauland

Cast not away therefore your confidence, which hath great recompense of reward. For ye have need of patience, that, after ye have done the will of God, ye might receive the promise. (Hebrews 10:35-36)

Most of us have a distorted idea about patience. We think of it as something designed to help us suffer failure gracefully, but according to these scriptures, it will actually put us on the path to success! Patience (or being consistently constant) is the power twin of faith. They work together to see to it that the promises of God are fulfilled in your life.

Say, for example, you need a job. You can go to the Word and see clearly that God promises to provide your needs. You can see He takes pleasure in the prosperity of His servants. Once you see that, faith takes hold and you shout, "I've got the job I need."

But what happens to that faith tomorrow morning when you go to three interviews and get turned down all three times? Then what? That's when patience has to take over! That's when you have to make a decision to stay constant, to act as if nothing's changed. The truth is, if you based your confidence on the Word of God, nothing has changed. It says exactly the same thing it said yesterday.

So, if you'll put patience to work, you know what you're going to say after those three unsuccessful job interviews? You're going to say, "Hallelujah, I've got the job I need!" just like you did before. You see, faith opens the door to God's promise for you; and patience keeps it open until that promise is fulfilled.

Do you have your faith sights set on a promise of God today, a promise you've been waiting on for some time? Don't let the delay discourage you. Put patience to work. The Word guarantees you will receive your reward.
